木

We are pleased to announce the next Five Element Acupuncture for Physicians program for graduates of our Basic programs and others interested in expanding their acupuncture practice will be presented in Winter 2016 in San Diego. This program builds on previous trainings to enhance the practical application of Five Element treatments in a busy medical practice. Drawing on our many years of integrating Five Elements in an Integrative Medicine setting the following will be discussed:

- *Integrative Five Element approach to chronic fatigue, PTSD, anxiety and depression*
- *Five Element Integrative cancer treatment based on Ron's extensive experience at an Integrative Cancer center*
- *Treating chronic pain, IBS and functional bowel disease combining Five Element acupuncture treatments with targeted nutritional therapies*

All these areas will include in-depth discussion of point use based on the Constitutional Factor, expanded from our clinical experience, as well as the use of integrative therapies to enhance the acupuncture. We will emphasize treatment sequencing and how to use specific patient supportive therapies drawn from my book, *Power of the Five Elements*.

In addition we will review in depth essential Five Element acupuncture concepts:

- *Energetic blocks: Entry- Exit, Husband-Wife, Internal and External Dragons*
- *Pulse diagnosis*
- *CV, GV, Windows of the Sky, Body points, Spirit points*
- *Patient evaluations and treatments*

We will also have extensive presentations on combining nutritional therapies and advanced functional lab evaluation with the Five Element approach to provide a comprehensive treatment for your patients. **This program will be the first to offer an Integrative Medicine-Five Element template to enhance your medical acupuncture practice.**

Don't miss this unique opportunity. This program will most likely be sold out.

The tuition is \$1500.00. The program will be presented over four days, Thursday to Sunday at the ocean front Cape Rey Hilton in Carlsbad, Ca.. Contact Deb at deb@mosscenterforintegrativemedicine.com to register or go to www.FiveElementTraining.com.
